Attention: Arizona Corporate Commission Commissioners  
Subject: Docket No. W-02467A-14-0230

AZ CORP COMMISSION  
DOCKET CONTROL

To Whom It May Concern:

2015 APR 27 PM 2 57

We the customers of Granite Mountain Water Company are writing in regards to the rate increase requested by Granite Mountain Water Company. We have enclosed a petition in opposition of this request. This petition has been signed by 72 of the 121 customers listed on Granite Mountain Water Company's 2013 annual report that is posted on the Arizona Corporate Commission website. We believe that approximately 12-15 customers do not reside in Prescott during the winter, as they have homes in warmer climates. We feel that those customers would have also signed the petition had they been home.

Please be advised that all customers who elect to use Granite Mountain Water Company as their water source and provider must pay for the entire infrastructure to reach their property. These costs can run as high as \$12,000. We believe this must be taken into account as the commissioner's work towards their decision regarding the rate increase. Granite Mountain Water Company received a rate increase in 2010. Inflation has averaged around 2% since that time. We are asking the commissioners to take into account the factors surrounding the Granite Mountain Water Company rate increase request and grant what is appropriate in this case.

Thank you for listening to our concerns,

The Customers of Granite Mountain Water Company

Arizona Corporation Commission

RC

ATTENTION:

GRANITE MOUNTAIN WATER COMPANY Inc. CUSTOMERS

This letter is in reference to Docket No. W-02467A-14-0230

Prior to Thanksgiving all Granite Mountain Water Company, Inc. customers received a notice by mail indicating that Granite Mountain Water Company, Inc. is seeking a rate and charges increase. On June 30, 2014 Granite Mountain Water Company, Inc. filed with Arizona Corporate Commission an application for a **permanent increase** in its rates and charges. Granite Mountain Water Company, Inc. is asking for a **rate increase of 54.68%!!!** The hearing for this request will be held on May 5, 2015 at the Arizona Corporate Commission offices in Phoenix.

In 2010, Granite Mountain Water Company, Inc. requested a large increase and received approximately an 18% increase from the Arizona Corporate Commission. This increase became effective sometime in the fall of 2010. The Core Inflation numbers (excluding fuel and food) for the years following that increase were as follows:

2011 inflation was 1.65%

2012 inflation was 2.11%

2013 inflation was 1.72%

2014 inflation was 1.6%

Even without applying the mathematics above, it is obvious that a rate increase of **54.68%** is extremely high. Under the current economic conditions of the Tri-City Area, this type of increase would undoubtedly be burdensome for all Granite Mountain Water Company, Inc. customers. This increase seems outrageous when compared to the Core Inflation numbers presented above.

Granite Mountain Water Company, Inc. customers may sign a petition in opposition to the rate increase that will be given to the Arizona Corporate Commission. This petition is available at our home located at: 6780 N. Stageline Trail (between Mendiburo and Rainmaker). You can also contact Billie Wederski at 778-5067. In order to have this petition to the Arizona Corporate Commission before they make a decision on this request, the petition needs to be signed by April 5, 2015.

This petition is in reference to Docket No. W-02467A-14-0230 and is being signed by customers of Granite Mountain Water Company, Inc. in **opposition** of the 54.68% increase in rates and charges that Granite Mountain Water Company, Inc. is applying for with the Arizona Corporate Commission.
